

Bench Modular Air Screen

Distributed by:

Modular Design Advantages

- Low Cost initial investment.
- Basic Units have the same heavy duty construction as the larger units.
- Very economical maintenance.
- Shoes can be replaced easily for different types of cleaning.
- Modules for air separation metering feed and additional screen area available.

Other Features:

- Gentle vibratory feeder for 0% damage to crops.
- Aggressive design enables handling of rough materials.
- All standard bearings and replacement parts.
- Designed and built by seedsmen.
- Manufactured in the U.S.A.
- Wide 54" screen can be integrated with other cleaners.
- Very strong tubular construction.
- Low HP requirements, 2HP on machine and 5HP on fan.
- Large air settling chambers for even and accurate air separation.
- Optional counterbalance for smooth operation.
- Large range of screen area.
- From 54 square feet to 240 square feet.
- Available in all steel construction.
